

T.H.C.S.D.-Talk

Volume 2 Issue 4

September 2014

From the Top

Bye-Bye Summer. Time sure does fly when you're having fun...but that was ridiculous! Where did it go? Be careful what you wish for right? Just as the summer heads to the end, the fall begins to creep in, but here, where we are, it just means "HOT"! Those dreaded dog days....On a happier and more looking forward kind of way, here come the apples, and fall smells...the cool crisp evenings and pumpkin pie in the oven! It's a coin toss for me...how could/would anyone fortunate enough to be here, complain, about any of it...bring it I say...I shall leave no apple unpeeled! Having said that, I have already started adding the fall favorites to the menu! Yep – Pumpkin muffins have made their debut!

On the Political front

It is so quiet, it's scary. Election time is just around the corner, and several states have MMJ initiatives on the ballot, but it certainly is quiet around here! Shhhhhh.

Reminder!

We're at the Alpine Farmer's Market on Tuesday's from 2pm-7pm – if you haven't already, stop by and check out our Mt. Hempire- "All things Hemp"! booth. And, in case you didn't notice, we changed our hours from the summer to the fall and added Julian Farmer's Market on Sunday, 9-2pm. These market opportunities give us a chance to educate folks and to learn about what everyone's talking about in the world of Marijuana and CBD's as it relates to the Hemp industry, or local ordinances. It's always good to see you there, to show your support, and to support our local farmer's and artisans.

Help Wanted!

Please contact me for further information. You will need a car, a rec., and the volunteer attitude! I also have little "at home" projects if anyone is interested...let me know!

Just Chit-Chat

Lots of things going on behind the scenes. We are still waiting for our grows to show....I'm not sure, but if I had to guess, I'd probably say, "Not everyone can stick a seed in the ground". With the water shortages, and the hot/wet, hot/dry if you're growing anything you've had your hands full, not to mention trying to maintain the quality we are familiar with in our MMJ. With the addition of RSO and CBD'S, both of which have taken our immediate attention, we are clearly experiencing a shift in energy! It is truly rewarding to see a patient's health be horribly compromised one week, and well the next. And the patient that has been battling chronic pain to finally find that solution. Rewards and ...more research!

Welcome Seebinger – Hemp Oil Bath and Body products to the Mt. Hempire side of the house. We received our first shipment on Friday, and have been working to have the products listed on the web site. Feel free to order those items for your delivery too! The 3 in 1 is especially nice for those of us that want to keep it simple. I already used liquid soap in my shower, so with the addition of shampoo and conditioner with my body soap...easy peasy! You'll find Seebinger in Lavender, Rosemary and Mint, and Unscented. We have the 3 in 1, the Lotion and the new Chile Balm – Green or Red! And, in the usual T.H.C.S.D. form, you can try it at our booth!

We will be adding Dr. Bronner's Magic Soap to the inventory too, and I'm already having a hard time deciding which Hemp Oil Lotion I like the best. We started providing Hemp Seed Coffee samples in the booth at the markets and everyone loves how smooth and delicious it is with the addition of the seeds. You can find the coffee available on the website too!

Be well,
Dabzz
